Information maintained by the Legislative Reference Bureau

Updating the database of the Illinois Compiled Statutes (ILCS) is an ongoing process. Recent laws may not yet be included in the ILCS database, but they are found on this site as [Public Acts](#) soon after they become law. For information concerning the relationship between statutes and Public Acts, refer to the [Guide](#).

Because the statute database is maintained primarily for legislative drafting purposes, statutory changes are sometimes included in the statute database before they take effect. If the source note at the end of a Section of the statutes includes a Public Act that has not yet taken effect, the version of the law that is currently in effect may have already been removed from the database and you should refer to that Public Act to see the changes made to the current law.

The Board shall have the authority and responsibility to review, comment upon, and recommend, consistent with this Code, rules and practices governing the procurement, management, control, and disposal of supplies, services, professional or artistic services, construction, and real property and capital improvement leases procured by the State. The Board shall also have the authority to recommend a program for professional development and provide opportunities for training in procurement practices and policies to chief procurement officers and their staffs in order to ensure that all procurement is conducted in an efficient, professional, and appropriately transparent manner.

Upon a three-fifths vote of its members, the Board may review a contract. Upon a three-fifths vote of its members, the Board may propose procurement rules for consideration by chief procurement officers. These proposals shall be published in each volume of the Procurement Bulletin. Except as otherwise provided by law, the Board shall act upon the vote of a majority of its members who have been appointed and are serving.

Each chief procurement officer, State purchasing officer, procurement compliance monitor, and State agency shall cooperate with the Board, provide information to the Board, and be responsive to the Board in the Board's conduct of its reviews, studies, and hearings.

(c) Members. The Board shall consist of 5 members appointed one each by the 4 legislative leaders and the Governor. Each member shall have demonstrated sufficient business or professional experience in the area of procurement to perform the functions of the Board. No member may be a member of the General Assembly.

Upon a three-fifths vote of its members, the Board may review a proposal, bid, or contract and issue a recommendation to void a contract or reject a proposal or bid based on any violation of this Code or the existence of a conflict of interest as described in subsections (b) and (d) of Section 50-35. A chief procurement officer or State purchasing officer shall notify the Board if an alleged conflict of interest or violation of the Code is identified, discovered, or reasonably suspected to exist. In the event that an alleged conflict of interest or violation of the Code that was not originally disclosed with the bid, offer, or proposal is identified and filed with the Board, the Board shall provide written notice of the alleged conflict of interest or violation to the contractor or subcontractor on that contract. If the alleged conflict of interest or violation is by the subcontractor, written notice shall also be provided to the contractor. The contractor or subcontractor shall have 15 days to provide a written response to the notice, and a hearing before the Board on the alleged conflict of interest or violation shall be held upon request by the contractor or subcontractor. The requested hearing date and time shall be determined by the Board, but in no event shall the hearing occur later than 15 days after the date of the request.

Sec. 15-25. Bulletin content.

(a) Invitations for bids. Notice of each and every contract that is offered, including renegotiated contracts and change orders, shall be published in the Bulletin, and all businesses listed on the Department of Transportation Disadvantaged Business Enterprise Directory, the Department of Central Management Services Business Enterprise Program and Small Business Vendors Directory, and the Capital Development Board's Directory of Certified Minority and Female Business Enterprises shall be furnished written instructions and information on how to register on each Procurement Bulletin maintained by the State. Such information shall be provided to each business within 30 days after the business' notice of certification. The applicable chief procurement officer may provide by rule an organized format for the publication of this information, but in any case it must include at least the date first offered, the date submission of offers is due, the location that offers are to be submitted to, the purchasing State agency, the responsible State purchasing officer, a brief purchase description, the method of source selection, information of how to obtain a comprehensive purchase description and any disclosure and contract forms, and encouragement to prospective vendors to hire qualified veterans, as defined by Section 45-67 of this Code, and qualified Illinois minorities, women, persons with disabilities, and residents discharged from any Illinois adult

correctional center.

(b) Contracts let. Notice of each and every contract that is let, including renegotiated contracts and change orders, shall be issued electronically to those bidders or offerors submitting responses to the solicitations, inclusive of the unsuccessful bidders, immediately upon contract let. Failure of any chief procurement officer to give such notice shall result in tolling the time for filing a bid protest up to 5 business days. The apparent low bidder's award and all other bids from bidders responding to solicitations shall be posted on the agency's website the next business day.

(b-5) Contracts awarded. Notice of each and every contract that is awarded, including renegotiated contracts and change orders, shall be issued electronically to the successful responsible bidder or offeror, posted on the agency's website the next business day, and published in the next available subsequent Bulletin. The applicable chief procurement officer may provide by rule an organized format for the publication of this information, but in any case it must include at least all of the information specified in subsection (a) as well as the name of the successful responsible bidder or offeror, the contract price, the number of unsuccessful responsive bidders, and any other disclosure specified in any Section of this Code. This notice must be posted in the online electronic Bulletin prior to execution of the contract.

(c) Emergency purchase disclosure. Any chief procurement officer or State purchasing officer exercising emergency purchase authority under this Code shall publish a written description and reasons and the total cost, if known, or an estimate if unknown and the name of the responsible chief procurement officer and State purchasing officer, and the business or person contracted with for all emergency purchases in the next timely, practicable Bulletin. This notice must be posted in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of a hearing to extend an emergency contract must be posted in the online electronic Procurement Bulletin no later than 5 business days prior to the hearing.

(c-5) Business Enterprise Program report. Each purchasing agency shall, with the assistance of the applicable chief procurement officer, post in the online electronic Bulletin a copy of its annual report of utilization of businesses owned by minorities, females, and persons with disabilities as submitted to the Business Enterprise Council for Minorities, Females, and Persons with Disabilities pursuant to Section 6(c) of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act within 10 business days after its submission of its report to the Council.

(c-10) Renewals. Notice of each contract renewal shall be posted in the online electronic Bulletin within 10 business days of the determination to renew the contract and the next available subsequent Bulletin. The notice shall include at least all of the information required in subsection (b).

(c-15) Sole source procurements. Before entering into a sole source contract, a chief procurement officer exercising sole source procurement authority under this Code shall publish a written description of intent to enter into a sole source contract along with a description of the item to be procured and the intended sole source contractor. This notice must be posted in the online electronic Procurement Bulletin before a sole source contract is awarded and at least 14 days

before the hearing required by Section 20-25.

(d) Other required disclosure. The applicable chief procurement officer shall provide by rule for the organized publication of all other disclosure required in other Sections of this Code in a timely manner.

(e) The changes to subsections (b), (c), (c-5), (c-10), and (c-15) of this Section made by this amendatory Act of the 96th General Assembly apply to reports submitted, offers made, and notices on contracts executed on or after its effective date.

(f) Each chief procurement officer shall, in consultation with the agencies under his or her jurisdiction, provide the Procurement Policy Board with the information and resources necessary, and in a manner, to effectuate the purpose of this amendatory Act of the 96th General Assembly.

(Source: P.A. 96-795, eff. 7-1-10 (see Section 5 of P.A. 96-793 for the effective date of changes made by P.A. 96-795); 96-1444, eff. 8-20-10; 97-895, eff. 8-3-12.)

(30 ILCS 500/15-30)

Sec. 15-30. Electronic Bulletin clearinghouse.

(a) The Procurement Policy Board shall maintain on its official website a searchable database containing all information required to be included in the Illinois Procurement Bulletin under subsections (b), (c), (c-10), and (c-15) of Section 15-25 and all information required to be disclosed under Section 50-41. The posting of procurement information on the website is subject to the same posting requirements as the online electronic Bulletin.

(b) For the purposes of this Section, searchable means searchable and sortable by successful responsible bidder or offeror or, for emergency purchases, business or person contracted with; the contract price or total cost; the service or good; the purchasing State agency; and the date first offered or announced.

(c) The applicable chief procurement officer shall provide the Procurement Policy Board the information and resources necessary, and in a manner, to effectuate the purpose of this Section.

(Source: P.A. 96-795, eff. 7-1-10 (see Section 5 of P.A. 96-793 for the effective date of changes made by P.A. 96-795); 97-895, eff. 8-3-12.)

(30 ILCS 500/15-35)

Sec. 15-35. Vendor portal. Each chief procurement officer may, in consultation with the agencies under his or her jurisdiction and the Procurement Policy Board, establish a vendor portal. The vendor portal shall allow a prospective vendor to provide certifications, disclosures, registrations, and other documentation needed to do business with a State agency in advance of any particular procurement. A prospective vendor who registers with the vendor portal and provides this information may submit its registration number, with a confirmation that the portal information remains current, as part of its response to a competitive selection or a contracting process, rather than submit the same information in full. One or more chief procurement officers may jointly operate a vendor portal if a single portal would better serve the needs of the State agencies and the vendor community. A chief procurement officer may accept, for use on procurements

and contracts under his or her jurisdiction, the registration from another chief procurement officer's vendor portal. This Section applies notwithstanding any laws to the contrary except for later enacted laws that specifically refer to this Section.

Nothing in this Section shall preclude a State agency from implementing its own pre-qualification, certification, disclosure, and registration requirements necessary to conduct and manage its program operation.

This Section does not apply to any contract for any project as to which federal funds are available for expenditure when its provisions may be in conflict with federal law or federal regulation.

ARTICLE 20

SOURCE SELECTION AND CONTRACT FORMATION

(30 ILCS 500/20-5)

Sec. 20-5. Method of source selection. Unless otherwise authorized by law, all State contracts shall be awarded by competitive sealed bidding, in accordance with Section 20-10, except as provided in Sections 20-15, 20-20, 20-25, 20-30, 20-35, 30-15, and 40-20.

(Source: P.A. 90-572, eff. date - See Sec. 99-5.)

(30 ILCS 500/20-10)

(Text of Section from P.A. 96-159, 96-588, 97-96, and 97-895)

Sec. 20-10. Competitive sealed bidding; reverse auction.

(a) Conditions for use. All contracts shall be awarded by competitive sealed bidding except as otherwise provided in Section 20-5.

(b) Invitation for bids. An invitation for bids shall be issued and shall include a purchase description and the material contractual terms and conditions applicable to the procurement.

(c) Public notice. Public notice of the invitation for bids shall be published in the Illinois Procurement Bulletin at least 14 days before the date set in the invitation for the opening of bids.

(d) Bid opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. Bids shall be evaluated based on the requirements set forth in the invitation for bids, which may include criteria to determine acceptability such as inspection, testing, quality, workmanship, delivery, and suitability for a particular purpose. Those criteria that will affect the bid price and be considered in evaluation for award, such as discounts, transportation costs, and total or

life cycle costs, shall be objectively measurable. The invitation for bids shall set forth the evaluation criteria to be used.

(f) Correction or withdrawal of bids. Correction or withdrawal of inadvertently erroneous bids before or after award, or cancellation of awards of contracts based on bid mistakes, shall be permitted in accordance with rules. After bid opening, no changes in bid prices or other provisions of bids prejudicial to the interest of the State or fair competition shall be permitted. All decisions to permit the correction or withdrawal of bids based on bid mistakes shall be supported by written determination made by a State purchasing officer.

(g) Award. The contract shall be awarded with reasonable promptness by written notice to the lowest responsible and responsive bidder whose bid meets the requirements and criteria set forth in the invitation for bids, except when a State purchasing officer determines it is not in the best interest of the State and by written explanation determines another bidder shall receive the award. The explanation shall appear in the appropriate volume of the Illinois Procurement Bulletin. The written explanation must include:

- (1) a description of the agency's needs;
- (2) a determination that the anticipated cost will be fair and reasonable;
- (3) a listing of all responsible and responsive bidders; and
- (4) the name of the bidder selected, the total contract price, and the reasons for selecting that bidder.

Each chief procurement officer may adopt guidelines to implement the requirements of this subsection (g).

The written explanation shall be filed with the Legislative Audit Commission and the Procurement Policy Board, and be made available for inspection by the public, within 30 days after the agency's decision to award the contract.

(h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(i) Alternative procedures. Notwithstanding any other provision of this Act to the contrary, the Director of the Illinois Power Agency may create alternative bidding procedures to be used in procuring professional services under subsection (a) of Section 1-75 and subsection (d) of Section 1-78 of the Illinois Power Agency Act and Section 16-111.5(c) of the Public Utilities Act and to procure renewable energy resources under Section 1-56 of the Illinois Power Agency Act. These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best interest of the State. The chief procurement officer shall

publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bids shall be accepted electronically at the time and in the manner designated in the invitation for bids. During the auction, a bidder's price shall be disclosed to other bidders. Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

After the auction period has terminated, withdrawal of bids shall be permitted as provided in subsection (f).

The contract shall be awarded within 60 days after the auction by written notice to the lowest responsible bidder, or all bids shall be rejected except as otherwise provided in this Code. Extensions of the date for the award may be made by mutual written consent of the State purchasing officer and the lowest responsible bidder.

This subsection does not apply to (i) procurements of professional and artistic services, (ii) telecommunications services, communication services, and information services, and (iii) contracts for construction projects, including design professional services.

(d) Bid opening. Bids shall be opened publicly in the presence of one or more witnesses at the time and place designated in the invitation for bids. The name of each bidder, the amount of each bid, and other relevant information as may be specified by rule shall be recorded. After the award of the contract, the winning bid and the record of each unsuccessful bid shall be open to public inspection.

(e) Bid acceptance and bid evaluation. Bids shall be unconditionally accepted without alteration or correction, except as authorized in this Code. (h) Multi-step sealed bidding. When it is considered impracticable to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

These alternative procedures shall be set forth together with the other criteria contained in the invitation for bids, and shall appear in the appropriate volume of the Illinois Procurement Bulletin.

(j) Reverse auction. Notwithstanding any other provision of this Section and in accordance with rules adopted by the chief procurement officer, that chief procurement officer may procure supplies or services through a competitive electronic auction bidding process after the chief procurement officer determines that the use of such a process will be in the best

interest of the State. The chief procurement officer shall publish that determination in his or her next volume of the Illinois Procurement Bulletin.

An invitation for bids shall be issued and shall include (i) a procurement description, (ii) all contractual terms, whenever practical, and (iii) conditions applicable to the procurement, including a notice that bids will be received in an electronic auction manner.

Public notice of the invitation for bids shall be given in the same manner as provided in subsection (c).

Bidders shall have the opportunity to reduce their bid prices during the auction. At the conclusion of the auction, the record of the bid prices received and the name of each bidder shall be open to public inspection.

(30 ILCS 500/20-15)

Sec. 20-15. Competitive sealed proposals.

(a) Conditions for use. When provided under this Code or under rules, or when the purchasing agency determines in writing that the use of competitive sealed bidding is either not practicable or not advantageous to the State, a contract may be entered into by competitive sealed proposals.

(b) Request for proposals. Proposals shall be solicited through a request for proposals.

(c) Public notice. Public notice of the request for proposals shall be published in the Illinois Procurement Bulletin at least 14 days before the date set in the invitation for the opening of proposals.

(d) Receipt of proposals. Proposals shall be opened publicly in the presence of one or more witnesses at the time and place designated in the request for proposals, but proposals shall be opened in a manner to avoid disclosure of contents to competing offerors during the process of negotiation. A record of proposals shall be prepared and shall be open for public inspection after contract award.

(e) Evaluation factors. The requests for proposals shall state the relative importance of price and other evaluation factors. Proposals shall be submitted in 2 parts: the first, covering items except price; and the second, covering price. The first part of all proposals shall be evaluated and ranked

independently of the second part of all proposals.

(f) Discussion with responsible offerors and revisions of proposals. As provided in the request for proposals and under rules, discussions may be conducted with responsible offerors who submit proposals determined to be reasonably susceptible of being selected for award for the purpose of clarifying and assuring full understanding of and responsiveness to the solicitation requirements. Those offerors shall be accorded fair and equal treatment with respect to any opportunity for discussion and revision of proposals. Revisions may be permitted after submission and before award for the purpose of obtaining best and final offers. In conducting discussions there shall be no disclosure of any information derived from proposals submitted by competing offerors. If information is disclosed to any offeror, it shall be provided to all competing offerors.

(g) Award. Awards shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the State, taking into consideration price and the evaluation factors set forth in the request for proposals. The contract file shall contain the basis on which the award is made.

(Source: P.A. 90-572, eff. date - See Sec. 99-5.)

(30 ILCS 500/20-20)

Sec. 20-20. Small purchases.

(a) Amount. Any individual procurement of supplies or services other than professional or artistic services, not exceeding \$10,000 and any procurement of construction not exceeding \$30,000 may be made without competitive sealed bidding. Procurements shall not be artificially divided so as to constitute a small purchase under this Section.

(b) Adjustment. Each July 1, the small purchase maximum established in subsection (a) shall be adjusted for inflation as determined by the Consumer Price Index for All Urban Consumers as determined by the United States Department of Labor and rounded to the nearest \$100.

(c) Based upon rules proposed by the Board and rules promulgated by the chief procurement officers, the small purchase maximum established in subsection (a) may be modified.

(Source: P.A. 90-572, eff. date - See Sec. 99-5.)

(30 ILCS 500/20-25)

Sec. 20-25. Sole source procurements.

(a) In accordance with standards set by rule, contracts may be awarded without use of the specified method of source selection when there is only one economically feasible source for the item. A State contract may be awarded as a sole source procurement unless an interested party submits a written request for a public hearing at which the chief procurement officer and purchasing agency present written justification for the procurement method. Any interested party may present testimony. A sole source contract where a hearing was requested by an interested party may be awarded after the hearing is conducted with the approval of the chief procurement officer.

(b) This Section may not be used as a basis for amending a contract for professional or artistic services if the amendment would result in an increase in the amount paid under the contract of more than 5% of the initial award, or would

extend the contract term beyond the time reasonably needed for a competitive procurement, not to exceed 2 months.

(c) Notice of intent to enter into a sole source contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing required in subsection (a). The notice shall include the sole source procurement justification form prescribed by the Board, a description of the item to be procured, the intended sole source contractor, and the date, time, and location of the public hearing. A copy of the notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin.

(d) By August 1 each year, each chief procurement officer shall file a report with the General Assembly identifying each contract the officer sought under the sole source procurement method and providing the justification given for seeking sole source as the procurement method for each of those contracts.

(Source: P.A. 96-795, eff. 7-1-10 (see Section 5 of P.A. 96-793 for the effective date of changes made by P.A. 96-795); 96-920, eff. 7-1-10; 97-895, eff. 8-3-12.)

(30 ILCS 500/20-30)

Sec. 20-30. Emergency purchases.

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time, and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a

copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.

(e) The changes to this Section made by this amendatory Act of the 96th General Assembly apply to procurements executed on or after its effective date.

(Source: P.A. 96-795, eff. 7-1-10 (see Section 5 of P.A. 96-793 for the effective date of changes made by P.A. 96-795).)

Sec. 20-35. Competitive selection procedures.

(a) Conditions for use. The services specified in Article 35 shall be procured in accordance with this Section, except as authorized under Sections 20-25 and 20-30 of this Article.

(b) Statement of qualifications. Potential contractors shall submit statements of qualifications and expressions of interest. The chief procurement officer shall specify a uniform format for statements of qualifications. Persons may amend these statements at any time by filing a new statement.

(c) Public announcement and form of request for proposals. Public notice of the need for the procurement shall be given in the form of a request for proposals and published in the Illinois Procurement Bulletin at least 14 days before the date set in the request for proposals for the opening of proposals. The request for proposals shall describe the services required, list the type of information and data required of each offeror, and state the relative importance of particular qualifications.

(d) Discussions. The purchasing agency may conduct discussions with any offeror who has submitted a proposal to determine the offeror's qualifications for further consideration. Discussions shall not disclose any information derived from proposals submitted by other offerors.

(e) Award. Award shall be made to the offeror determined in writing by the purchasing agency to be best qualified based on the evaluation factors set forth in the request for

proposals and negotiation of compensation determined to be fair and reasonable.

(30 ILCS 500/20-40)

Sec. 20-40. Cancellation of invitations for bids or requests for proposals. An invitation for bids, a request for proposals, or any other solicitation may be cancelled without penalty, or any and all bids or proposals may be rejected in whole or in part as may be specified in the solicitation, when it is in the best interests of the State in accordance with rules. The reasons for cancellation or rejection shall be made part of the contract file.

Sec. 20-45. Prequalification of suppliers. The chief procurement officer shall promulgate rules for the development of prequalified supplier lists for appropriate categories of purchases and the annual updating of those lists.

(Source: P.A. 90-572, eff. date - See Sec. 99-5.)

(30 ILCS 500/20-50)

Sec. 20-50. Specifications. Specifications shall be prepared in accordance with consistent standards that are promulgated by the chief procurement officer and reviewed by the Board and the Joint Committee on Administrative Rules. Those standards shall include a prohibition against the use of brand-name only products, except for products intended for retail sale or as specified by rule. All specifications shall seek to promote overall economy for the purposes intended and encourage competition in satisfying the State's needs and shall not be unduly restrictive.

A solicitation or specification for a contract or a contract, including a contract but not limited to of a college, university, or institution under the jurisdiction of a governing board listed in Section 1-15.100, may not require, stipulate, suggest, or encourage a monetary or other financial contribution or donation, cash bonus or incentive, or economic investment as an explicit or implied term or condition for awarding or completing the contract. The contract, solicitation, or specification also may not include a requirement that an individual or individuals employed by such a college, university, or institution receive a consulting contract for professional services.

Sec. 20-55. Types of contracts. Subject to the limitations

of this Section and unless otherwise authorized by law, any type of contract that will promote the best interests of the State may be used, except that cost-plus-a-percentage-of-cost contracts are prohibited. A cost-reimbursement contract may be used only when a determination is made in writing that a cost-reimbursement contract is likely to be less costly to the State than any other type or that it is impracticable to obtain the item required except under that type of contract. The general form of contracts shall be determined by the chief procurement officer.

(Source: P.A. 90-572, eff. date - See Sec. 99-5.)

(30 ILCS 500/20-60)

Sec. 20-60. Duration of contracts.

(a) Maximum duration. A contract, other than a contract entered into pursuant to the State University Certificates of Participation Act, may be entered into for any period of time deemed to be in the best interests of the State but not exceeding 10 years inclusive, beginning January 1, 2010, of proposed contract renewals. The length of a lease for real property or capital improvements shall be in accordance with the provisions of Section 40-25. A contract for bond or mortgage insurance awarded by the Illinois Housing Development Authority, however, may be entered into for any period of time less than or equal to the maximum period of time that the subject bond or mortgage may remain outstanding.

(b) Subject to appropriation. All contracts made or entered into shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the contract.

(c) The chief procurement officer shall file a proposed extension or renewal of a contract with the Procurement Policy Board prior to entering into any extension or renewal if the cost associated with the extension or renewal exceeds \$249,999. The Procurement Policy Board may object to the proposed extension or renewal within 30 calendar days and require a hearing before the Board prior to entering into the extension or renewal. If the Procurement Policy Board does not object within 30 calendar days or takes affirmative action to recommend the extension or renewal, the chief procurement officer may enter into the extension or renewal of a contract. This subsection does not apply to any emergency procurement, any procurement under Article 40, or any procurement exempted by Section 1-10(b) of this Code. If any State agency contract is paid for in whole or in part with federal-aid funds, grants, or loans and the provisions of this subsection would result in the loss of those federal-aid funds, grants, or loans, then the contract is exempt from the provisions of this subsection in order to remain eligible for those federal-aid funds, grants, or loans, and the State agency shall file notice of this exemption with the Procurement Policy Board prior to entering into the proposed extension or renewal. Nothing in this subsection permits a chief procurement officer to enter into an extension or renewal in violation of subsection (a). By August 1 each year, the Procurement Policy Board shall file a report with the General Assembly identifying for the previous fiscal year (i) the proposed extensions or renewals that were filed with the Board and whether the Board objected and (ii) the contracts exempt from this subsection.

(30 ILCS 500/20-65)

Sec. 20-65. Right to audit records.

(a) Maintenance of books and records. Every contract and subcontract shall require the contractor or subcontractor, as applicable, to maintain books and records relating to the performance of the contract or subcontract and necessary to support amounts charged to the State under the contract or subcontract. The books and records shall be maintained by the contractor for a period of 3 years from the later of the date of final payment under the contract or completion of the contract and by the subcontractor for a period of 3 years from the later of the date of final payment under the subcontract or completion of the subcontract. However, the 3-year period shall be extended for the duration of any audit in progress at the time of that period's expiration.

(b) Audit. Every contract and subcontract shall provide that all books and records required to be maintained under subsection (a) shall be available for review and audit by the Auditor General, chief procurement officer, internal auditor, and the purchasing agency. Every contract and subcontract shall require the contractor and subcontractor, as applicable, to cooperate fully with any audit.

(c) Failure to maintain books and records. Failure to maintain the books and records required by this Section shall establish a presumption in favor of the State for the recovery of any funds paid by the State for which required books and records are not available.

Sec. 20-80. Contract files.

(a) Written determinations. All written determinations required under this Article shall be placed in the contract file maintained by the chief procurement officer.

(b) Filing with Comptroller. Whenever a grant, defined

pursuant to accounting standards established by the Comptroller, or a contract liability, except for: (1) contracts paid from personal services, or (2) contracts between the State and its employees to defer compensation in accordance with Article 24 of the Illinois Pension Code, exceeding \$20,000 is incurred by any State agency, a copy of the contract, purchase order, grant, or lease shall be filed with the Comptroller within 30 days thereafter. Beginning January 1, 2013, the Comptroller may require that contracts and grants required to be filed with the Comptroller under this Section shall be filed electronically, unless the agency is incapable of filing the contract or grant electronically because it does not possess the necessary technology or equipment. Any agency that is incapable of electronically filing its contracts or grants shall submit a written statement to the Governor and to the Comptroller attesting to the reasons for its inability to comply. This statement shall include a discussion of what the agency needs in order to effectively comply with this Section. Prior to requiring electronic filing, the Comptroller shall consult with the Governor as to the feasibility of establishing mutually agreeable technical standards for the electronic document imaging, storage, and transfer of contracts and grants, taking into consideration the technology available to that agency, best practices, and the technological capabilities of State agencies. Nothing in this amendatory Act of the 97th General Assembly shall be construed to impede the implementation of an Enterprise Resource Planning (ERP) system. For each State contract for goods, supplies, or services awarded on or after July 1, 2010, the contracting agency shall provide the applicable rate and unit of measurement of the goods, supplies, or services on the contract obligation document as required by the Comptroller. If the contract obligation document that is submitted to the Comptroller contains the rate and unit of measurement of the goods, supplies, or services, the Comptroller shall provide that information on his or her official website. Any cancellation or modification to any such contract liability shall be filed with the Comptroller within 30 days of its execution.

(c) Late filing affidavit. When a contract, purchase order, grant, or lease required to be filed by this Section has not been filed within 30 days of execution, the Comptroller shall refuse to issue a warrant for payment thereunder until the agency files with the Comptroller the contract, purchase order, grant, or lease and an affidavit, signed by the chief executive officer of the agency or his or her designee, setting forth an explanation of why the contract liability was not filed within 30 days of execution. A copy of this affidavit shall be filed with the Auditor General.

(d) Timely execution of contracts. No voucher shall be submitted to the Comptroller for a warrant to be drawn for the payment of money from the State treasury or from other funds held by the State Treasurer on account of any contract unless the contract is reduced to writing before the services are performed and filed with the Comptroller. Vendors shall not be paid for any goods that were received or services that were rendered before the contract was reduced to writing and signed by all necessary parties. A chief procurement officer may request an exception to this subsection by submitting a written statement to the Comptroller and Treasurer setting forth the circumstances and reasons why the contract could not

be reduced to writing before the supplies were received or services were performed. A waiver of this subsection must be approved by the Comptroller and Treasurer. This Section shall not apply to emergency purchases if notice of the emergency purchase is filed with the Procurement Policy Board and published in the Bulletin as required by this Code.

(e) Method of source selection. When a contract is filed with the Comptroller under this Section, the Comptroller's file shall identify the method of source selection used in obtaining the contract.

Sec. 20-85. Federal requirements. A State agency receiving federal-aid funds, grants, or loans shall have authority to adopt its procedures, rules, project statements, drawings, maps, surveys, plans, specifications, contract terms, estimates, bid forms, bond forms, and other documents or practices to comply with the regulations, policies, and procedures of the designated authority, administration, or department of the United States, in order to remain eligible for such federal-aid funds, grants, or loans.

Each using agency shall be responsible for ascertaining the compliance of printing materials procured by or for it with this Section. No printing or reproduction contract shall be let and no printing or reproduction shall be accomplished when that wording does not appear on the material to be printed or reproduced. No publication may have written, stamped, or printed on it, or attached to it, "Compliments of (naming a person)" or any words of similar import.

This Section does not apply to the printing by a public institution of higher education of material not paid for in

any portion from funds appropriated by the General Assembly, printing that is performed by a university unit, or printing that is performed in conjunction with contracts referenced in subsection (b)(1) of Section 1-10.

(a) Any contract granted under this Code shall state whether the services of a subcontractor will be used. The contract shall include the names and addresses of all known subcontractors with subcontracts with an annual value of more than \$50,000, the general type of work to be performed by these subcontractors, and the expected amount of money each will receive under the contract. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of a subcontract so identified within 15 days after the request is made. A subcontractor, or contractor on behalf of a subcontractor, may identify information that is deemed proprietary or confidential. If the chief procurement officer determines the information is not relevant to the primary contract, the chief procurement officer may excuse the inclusion of the information. If the chief procurement officer determines the information is proprietary or could harm the business interest of the subcontractor, the chief procurement officer may, in his or her discretion, redact the information. Redacted information shall not become part of the public record.

(b) If at any time during the term of a contract, a contractor adds or changes any subcontractors, he or she shall promptly notify, in writing, the chief procurement officer, State purchasing officer, or their designee of the names and addresses of each new or replaced subcontractor and the general type of work to be performed. Upon the request of the chief procurement officer appointed pursuant to paragraph (2) of subsection (a) of Section 10-20, the contractor shall provide the chief procurement officer a copy of any new or amended subcontract so identified within 15 days after the request is made.

(c) In addition to any other requirements of this Code, a subcontract subject to this Section must include all of the subcontractor's certifications required by Article 50 of the Code.

Sec. 20-160. Business entities; certification; registration with the State Board of Elections.

(a) For purposes of this Section, the terms "business entity", "contract", "State contract", "contract with a State agency", "State agency", "affiliated entity", and "affiliated person" have the meanings ascribed to those terms in Section 50-37.

(b) Every bid submitted to and every contract executed by the State on or after January 1, 2009 (the effective date of Public Act 95-971) shall contain (1) a certification by the bidder or contractor that either (i) the bidder or contractor is not required to register as a business entity with the State Board of Elections pursuant to this Section or (ii) the bidder or contractor has registered as a business entity with the State Board of Elections and acknowledges a continuing duty to update the registration and (2) a statement that the contract is voidable under Section 50-60 for the bidder's or contractor's failure to comply with this Section.

(c) Within 30 days after the effective date of this amendatory Act of the 95th General Assembly, each business entity (i) whose aggregate bids and proposals on State contracts annually total more than \$50,000, (ii) whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed \$50,000, or (iii) whose contracts with State

agencies, in the aggregate, annually total more than \$50,000 shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code. A business entity required to register under this subsection shall submit a copy of the certificate of registration to the applicable chief procurement officer within 90 days after the effective date of this amendatory Act of the 95th General Assembly. A business entity required to register under this subsection due to item (i) or (ii) has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded; any change in information must be reported to the State Board of Elections 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier. A business entity required to register under this subsection due to item (iii) has a continuing duty to ensure that the registration is accurate in accordance with subsection (e).

(d) Any business entity, not required under subsection (c) to register within 30 days after the effective date of this amendatory Act of the 95th General Assembly, whose aggregate bids and proposals on State contracts annually total more than \$50,000, or whose aggregate bids and proposals on State contracts combined with the business entity's aggregate annual total value of State contracts exceed \$50,000, shall register with the State Board of Elections in accordance with Section 9-35 of the Election Code prior to submitting to a State agency the bid or proposal whose value causes the business entity to fall within the monetary description of this subsection. A business entity required to register under this subsection has a continuing duty to ensure that the registration is accurate during the period beginning on the date of registration and ending on the day after the date the contract is awarded. Any change in information must be reported to the State Board of Elections within 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(e) A business entity whose contracts with State agencies, in the aggregate, annually total more than \$50,000 must maintain its registration under this Section and has a continuing duty to ensure that the registration is accurate for the duration of the term of office of the incumbent officeholder awarding the contracts or for a period of 2 years following the expiration or termination of the contracts, whichever is longer. A business entity, required to register under this subsection, has a continuing duty to report any changes on a quarterly basis to the State Board of Elections within 10 business days following the last day of January, April, July, and October of each year. Any update pursuant to this paragraph that is received beyond that date is presumed late and the civil penalty authorized by subsection (e) of Section 9-35 of the Election Code (10 ILCS 5/9-35) may be assessed.

Also, if a business entity required to register under this subsection has a pending bid or proposal, any change in information shall be reported to the State Board of Elections within 5 business days following such change or no later than a day before the contract is awarded, whichever date is earlier.

(f) A business entity's continuing duty under this Section to ensure the accuracy of its registration includes the

requirement that the business entity notify the State Board of Elections of any change in information, including but not limited to changes of affiliated entities or affiliated persons.

(g) For any bid or proposal for a contract with a State agency by a business entity required to register under this Section, the chief procurement officer shall verify that the business entity is required to register under this Section and is in compliance with the registration requirements on the date the bid or proposal is due. A chief procurement officer shall not accept a bid or proposal if the business entity is not in compliance with the registration requirements as of the date bids or proposals are due.

(h) A registration, and any changes to a registration, must include the business entity's verification of accuracy and subjects the business entity to the penalties of the laws of this State for perjury.

In addition to any penalty under Section 9-35 of the Election Code, intentional, willful, or material failure to disclose information required for registration shall render the contract, bid, proposal, or other procurement relationship voidable by the chief procurement officer if he or she deems it to be in the best interest of the State of Illinois.

(i) This Section applies regardless of the method of source selection used in awarding the contract.

Sec. 25-60. Prevailing wage requirements.

(a) All services furnished under service contracts of \$2,000 or more or \$200 or more per month and under printing contracts shall be subject to the following prevailing wage requirements:

(1) Not less than the general prevailing wage rate of hourly wages for work of a similar character in the locality in which the work is produced shall be paid by the successful vendor to its employees who perform the work on the State contracts. The bidder or offeror, in order to be considered to be a responsible bidder or offeror for the purposes of this Code, shall certify to the purchasing agency that wages to be paid to its employees are no less, and fringe benefits and working conditions of employees are not less favorable, than those prevailing in the locality where the contract is to be performed. Prevailing wages and working conditions shall be determined by the Director of the Illinois Department of Labor.

(2) Whenever a collective bargaining agreement is in effect between an employer, other than a governmental body, and service or printing employees as defined in this Section who are represented by a responsible organization that is in no way influenced or controlled by the management, that agreement and its provisions shall be considered as conditions prevalent in that locality and shall be the minimum requirements taken into consideration by the Director of Labor.

(30 ILCS 500/25-65)

Sec. 25-65. Contracts performed outside the United States. Prior to contracting or as a requirement of solicitation of any State contracts for services as defined in Section 1-15.90, whichever is appropriate, prospective vendors shall disclose in a statement of work where services will be performed under that contract, including any subcontracts, and whether any services under that contract, including any subcontracts, are anticipated to be performed outside the United States.

In awarding the contract or evaluating the bid or offer, the chief procurement officer may consider such disclosure and the economic impact to the State of Illinois and its residents.

If the chief procurement officer awards a contract to a vendor based upon disclosure that work will be performed in the United States and during the term of the contract the contractor or a subcontractor proceeds to shift work outside of the United States, the contractor shall be deemed in breach of contract, unless the chief procurement officer shall have first determined in writing that circumstances require the shift of work or that termination of the contract would not be in the State's best interest.

Nothing in this Section is intended to contravene any existing treaty, law, agreement, or regulation of the United States.

Sec. 35-30. Awards.

(a) All State contracts for professional and artistic services, except as provided in this Section, shall be awarded using the competitive request for proposal process outlined in this Section.

(b) For each contract offered, the chief procurement officer, State purchasing officer, or his or her designee shall use the appropriate standard solicitation forms available from the chief procurement officer for matters other than construction or the higher education chief procurement officer.

(c) Prepared forms shall be submitted to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, for publication in its Illinois Procurement Bulletin and circulation to the chief procurement officer for matters other than construction or the higher education chief procurement officer's list of prequalified vendors. Notice of the offer or request for proposal shall appear at least 14 days before the response to the offer is due.

(d) All interested respondents shall return their responses to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, which shall open and record them. The chief procurement officer for matters other than construction or higher education chief procurement officer then shall forward the responses, together with any information it has available about the qualifications and other State work of the respondents.

(e) After evaluation, ranking, and selection, the responsible chief procurement officer, State purchasing officer, or his or her designee shall notify the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate, of the successful respondent and shall forward a copy of the signed contract for the chief procurement officer for matters other than construction or higher education chief procurement officer's file. (f) For all professional and artistic contracts with annualized value that exceeds \$25,000, evaluation and ranking by price are required. Any chief procurement officer or State purchasing officer, but not their designees, may select an offeror other than the lowest bidder by price. In any case, when the contract exceeds the \$25,000 threshold and the lowest bidder is not selected, the chief procurement officer or the State purchasing officer shall forward together with the contract notice of who the low bidder was and a written decision as to why another was selected to the chief procurement officer for matters other than construction or the higher education chief procurement officer, whichever is appropriate. The chief procurement officer for matters other than construction or higher education chief procurement officer shall publish as provided in subsection (e) of Section 35-30, but shall include notice of the chief procurement officer's or State purchasing officer's written decision.

(g) The chief procurement officer for matters other than construction and higher education chief procurement officer may each refine, but not contradict, this Section by promulgating rules for submission to the Procurement Policy Board and then to the Joint Committee on Administrative Rules. Any refinement shall be based on the principles and procedures of the federal Architect-Engineer Selection Law, Public Law 92-582 Brooks Act, and the Architectural, Engineering, and Land Surveying Qualifications Based Selection Act; except that pricing shall be an integral part of the selection process. (c) Subject to appropriation. All leases shall recite that they are subject to termination and cancellation in any year for which the General Assembly fails to make an appropriation to make payments under the terms of the lease.

Sec. 45-10. Resident bidders.

(a) Amount of preference. When a contract is to be awarded to the lowest responsible bidder, a resident bidder shall be allowed a preference as against a non-resident bidder from any state that gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the non-resident bidder. Further, if only non-resident bidders are bidding, the purchasing agency is within its right to specify that Illinois labor and manufacturing locations be used as a part of the manufacturing process, if applicable. This specification may be negotiated as part of the solicitation process.

(b) Residency. A resident bidder is a person authorized to transact business in this State and having a bona fide establishment for transacting business within this State where it was actually transacting business on the date when any bid for a public contract is first advertised or announced. A resident bidder includes a foreign corporation duly authorized to transact business in this State that has a bona fide establishment for transacting business within this State where it was actually transacting business on the date when any bid for a public contract is first advertised or announced.

(c) Federal funds. This Section does not apply to any contract for any project as to which federal funds are available for expenditure when its provisions may be in conflict with federal law or federal regulation.

Sec. 45-26. Environmentally preferable procurement.

(a) Definitions. For the purposes of this Section:

(1) "Supplies" means all personal property, including but not limited to equipment, materials, printing, and insurance, and the financing of those supplies.

(2) "Services" means the furnishing of labor, time, or effort by a contractor, not involving the delivery of a specific end product other than reports or supplies that are incidental to the required performance.

(3) "Environmentally preferable supplies" means supplies that are less harmful to the natural environment and human health than substantially similar supplies for the same purpose. Attributes of environmentally preferable supplies include, but are not limited to, the following:

(i) made of recycled materials, to the maximum extent feasible;

(ii) not containing, emitting, or producing toxic substances;

(iii) constituted so as to minimize the production of waste; and

(iv) constituted so as to conserve energy and water resources over the course of production, transport, intended use, and disposal.

(4) "Environmentally preferable services" means services that are less harmful to the natural environment and human health than substantially similar services for the same purpose. Attributes of "environmentally preferable services" include, but are not limited to, the following:

(i) use of supplies made of recycled materials, to the maximum extent feasible;

(ii) use of supplies that do not contain, emit, or produce toxic substances;

(iii) employment of methods that minimize the

production of waste; and

(iv) employment of methods that conserve energy and water resources or use energy and water resources more efficiently than substantially similar methods.

(b) Award of contracts for environmentally preferable supplies or services. Notwithstanding any rule, regulation, statute, order, or policy of any kind, with the exceptions of Sections 45-20 and 45-25 of this Code, State agencies shall contract for supplies and services that are environmentally preferable.

If, however, contracting for an environmentally preferable supply or service would impose an undue economic or practical hardship on the contracting State agency, or if an environmentally preferable supply or service cannot be used to meet the requirements of the State agency, then the State agency need not contract for an environmentally preferable supply or service. Specifications for contracts, at the discretion of the contracting State agency, may include a price preference of up to 10% for environmentally preferable supplies or services.

(c) Committee. There is created within the Department of Central Management Services a committee to facilitate the purchase of products and services of persons so severely disabled by a physical, developmental, or mental disability or a combination of any of those disabilities that they cannot engage in normal competitive employment. This committee is called the State Use Committee. The committee shall consist of the Director of the Department of Central Management Services or his or her designee, the Director of the Department of Human Services or his or her designee, one public member representing private business who is knowledgeable of the employment needs and concerns of persons with developmental disabilities, one public member representing private business who is knowledgeable of the needs and concerns of rehabilitation facilities, one public member who is knowledgeable of the employment needs and concerns of persons with developmental disabilities, one public member who is knowledgeable of the needs and concerns of rehabilitation facilities, and 2 public members from a statewide association that represents community-based rehabilitation facilities, all appointed by the Governor. In the event there is a vacancy on the Committee, the Governor must make an appointment to fill that vacancy within 30 calendar days after the notice of vacancy. The members shall serve without compensation but shall be reimbursed for expenses at a rate equal to that of State employees on a per diem basis by the Department of Central Management Services. All members shall be entitled to vote on issues before the committee.

(6) To encourage diversity in supplies and services provided by qualified not-for-profit agencies for persons with severe disabilities and discourage unnecessary duplication or competition among facilities.

(7) To develop guidelines to be followed by

qualifying agencies for participation under the provisions of this Section. The guidelines shall be developed within 6 months after the effective date of this Code and made available on a nondiscriminatory basis to all qualifying agencies.

(8) To review all bids submitted under the provisions of this Section and reject any bid for any purchase that is determined to be substantially more than the purchase would have cost had it been competitively bid.

(9) To develop a 5-year plan for increasing the number of products and services purchased from qualified not-for-profit agencies for persons with severe disabilities, including the feasibility of developing mandatory set-aside contracts. This 5-year plan must be developed no later than 180 calendar days after the effective date of this amendatory Act of the 96th General Assembly.

(c-5) Conditions for Use. Each chief procurement officer shall, in consultation with the State Use Committee, determine which articles, materials, services, food stuffs, and supplies that are produced, manufactured, or provided by persons with severe disabilities in qualified not-for-profit agencies shall be given preference by purchasing agencies procuring those items.

(d) Former committee. The committee created under subsection (c) shall replace the committee created under Section 7-2 of the Illinois Purchasing Act, which shall continue to operate until the appointments under subsection (c) are made.

Sec. 45-45. Small businesses.

(a) Set-asides. The chief procurement officer has authority to designate as small business set-asides a fair proportion of construction, supply, and service contracts for award to small businesses in Illinois. Advertisements for bids or offers for those contracts shall specify designation as small business set-asides. In awarding the contracts, only bids or offers from qualified small businesses shall be considered.

(b) Small business. "Small business" means a business that is independently owned and operated and that is not dominant in its field of operation. The chief procurement officer shall establish a detailed definition by rule, using in addition to the foregoing criteria other criteria, including the number of employees and the dollar volume of business. When computing the size status of a bidder, annual sales and receipts of the bidder and all of its affiliates shall be included. The maximum number of employees and the maximum dollar volume that a small business may have under the rules promulgated by the chief procurement officer may vary from industry to industry to the extent necessary to reflect differing characteristics of those industries, subject to the following limitations:

(1) No wholesale business is a small business if its annual sales for its most recently completed fiscal year exceed \$10,000,000.

(2) No retail business or business selling services is a small business if its annual sales and receipts exceed \$6,000,000.

(3) No manufacturing business is a small business if it employs more than 250 persons.

(4) No construction business is a small business if its annual sales and receipts exceed \$10,000,000.

(c) Fair proportion. For the purpose of subsection (a), for State agencies of the executive branch, a fair proportion of construction contracts shall be no less than 25% nor more than 40% of the annual total contracts for construction.

(d) Withdrawal of designation. A small business set-aside designation may be withdrawn by the purchasing agency when deemed in the best interests of the State. Upon withdrawal, all bids or offers shall be rejected, and the bidders or offerors shall be notified of the reason for rejection. The contract shall then be awarded in accordance with this Code without the designation of small business set-aside.

(e) Small business specialist. The chief procurement officer shall designate a State purchasing officer who will be responsible for engaging an experienced contract negotiator to serve as its small business specialist, whose duties shall include:

(1) Compiling and maintaining a comprehensive bidders list of small businesses. In this duty, he or she shall cooperate with the Federal Small Business Administration in locating potential sources for various products and services.

(2) Assisting small businesses in complying with the procedures for bidding on State contracts.

(3) Examining requests from State agencies for the purchase of property or services to help determine which invitations to bid are to be designated small business set-asides.

(4) Making recommendations to the chief procurement officer for the simplification of specifications and terms in order to increase the opportunities for small business participation.

(5) Assisting in investigations by purchasing agencies to determine the responsibility of bidders on small business set-asides.

(f) Small business annual report. The State purchasing officer designated under subsection (e) shall annually before December 1 report in writing to the General Assembly concerning the awarding of contracts to small businesses. The

report shall include the total value of awards made in the preceding fiscal year under the designation of small business set-aside. The report shall also include the total value of awards made to businesses owned by minorities, females, and persons with disabilities, as defined in the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, in the preceding fiscal year under the designation of small business set-aside.

The requirement for reporting to the General Assembly shall be satisfied by filing copies of the report as required by Section 3.1 of the General Assembly Organization Act. (Source: P.A. 92-60, eff. 7-12-01; 93-769, eff. 1-1-05.)

Sec. 45-57. Veterans.

(a) Set-aside goal. It is the goal of the State to promote and encourage the continued economic development of small businesses owned and controlled by qualified veterans and that qualified service-disabled veteran-owned small businesses (referred to as SDVOSB) and veteran-owned small businesses (referred to as VOSB) participate in the State's procurement process as both prime contractors and subcontractors. Not less than 3% of the total dollar amount of State contracts, as defined by the Director of Central Management Services, shall be established as a goal to be awarded to SDVOSB and VOSB. That portion of a contract under which the contractor subcontracts with a SDVOSB or VOSB may be counted toward the goal of this subsection. The Department of Central Management Services shall adopt rules to implement compliance with this subsection by all State agencies.

(b) Fiscal year reports. By each September 1, each chief procurement officer shall report to the Department of Central Management Services on all of the following for the immediately preceding fiscal year, and by each March 1 the Department of Central Management Services shall compile and report that information to the General Assembly:

(1) The total number of VOSB, and the number of SDVOSB, who submitted bids for contracts under this Code.

(2) The total number of VOSB, and the number of SDVOSB, who entered into contracts with the State under this Code and the total value of those contracts.

(c) Yearly review and recommendations. Each year, each chief procurement officer shall review the progress of all State agencies under its jurisdiction in meeting the goal described in subsection (a), with input from statewide

veterans' service organizations and from the business community, including businesses owned by qualified veterans, and shall make recommendations to be included in the Department of Central Management Services' report to the General Assembly regarding continuation, increases, or decreases of the percentage goal. The recommendations shall be based upon the number of businesses that are owned by qualified veterans and on the continued need to encourage and promote businesses owned by qualified veterans.

(d) Governor's recommendations. To assist the State in reaching the goal described in subsection (a), the Governor shall recommend to the General Assembly changes in programs to assist businesses owned by qualified veterans.

(e) Definitions. As used in this Section:

"Armed forces of the United States" means the United States Army, Navy, Air Force, Marine Corps, Coast Guard, or service in active duty as defined under 38 U.S.C. Section 101. "Certification" means a determination made by the Illinois Department of Veterans' Affairs and the Department of Central Management Services that a business entity is a qualified service-disabled veteran-owned small business or a qualified veteran-owned small business for whatever purpose. A SDVOSB or VOSB owned and controlled by females, minorities, or persons with disabilities, as those terms are defined in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act, may also select and designate whether that business is to be certified as a "female-owned business", "minority-owned business", or "business owned by a person with a disability", as defined in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

"Control" means the exclusive, ultimate, majority, or sole control of the business, including but not limited to capital investment and all other financial matters, property, acquisitions, contract negotiations, legal matters, officer-director-employee selection and comprehensive hiring, operation responsibilities, cost-control matters, income and dividend matters, financial transactions, and rights of other shareholders or joint partners. Control shall be real, substantial, and continuing, not pro forma. Control shall include the power to direct or cause the direction of the management and policies of the business and to make the day-to-day as well as major decisions in matters of policy, management, and operations. Control shall be exemplified by possessing the requisite knowledge and expertise to run the particular business, and control shall not include simple majority or absentee ownership.

"Qualified service-disabled veteran" means a veteran who has been found to have 10% or more service-connected disability by the United States Department of Veterans Affairs or the United States Department of Defense.

"Qualified service-disabled veteran-owned small business" or "SDVOSB" means a small business (i) that is at least 51% owned by one or more qualified service-disabled veterans living in Illinois or, in the case of a corporation, at least 51% of the stock of which is owned by one or more qualified service-disabled veterans living in Illinois; (ii) that has

"Small business" means a business that has annual gross sales of less than \$75,000,000 as evidenced by the federal income tax return of the business. A firm with gross sales in excess of this cap may apply to the Department of Central Management Services for certification for a particular contract if the firm can demonstrate that the contract would have significant impact on SDVOSB or VOSB as suppliers or subcontractors or in employment of veterans or service-disabled veterans.

"State agency" has the same meaning as in Section 2 of the Business Enterprise for Minorities, Females, and Persons with Disabilities Act.

"Time of hostilities with a foreign country" means any period of time in the past, present, or future during which a declaration of war by the United States Congress has been or is in effect or during which an emergency condition has been or is in effect that is recognized by the issuance of a Presidential proclamation or a Presidential executive order and in which the armed forces expeditionary medal or other campaign service medals are awarded according to Presidential executive order.

subcontractor, or supplier in, any State contract or project for a period of not less than 3 years, and, if the person is certified as a service-disabled veteran-owned small business or a veteran-owned small business, then the Department shall revoke the business's certification for a period of not less than 3 years. An additional or subsequent violation shall extend the periods of suspension and revocation for a period of not less than 5 years. (5) Duty to check list. Each State agency shall check the central listing provided by the Department of Central Management Services under paragraph (3) of this subsection to verify that a person being awarded a contract by that State agency, or to be used as a subcontractor or supplier on a contract being awarded by that State agency, is not under suspension pursuant to paragraph (1) of this subsection.

If a contractor or subcontractor is not able to truthfully certify that it continues to meet all requirements, it shall provide with its certification a detailed explanation of the circumstances leading to the change in certification status. (30 ILCS 500/50-5)

Sec. 50-5. Bribery.

(a) Prohibition. No person or business shall be awarded a contract or subcontract under this Code who:

(1) has been convicted under the laws of Illinois or any other state of bribery or attempting to bribe an officer or employee of the State of Illinois or any other state in that officer's or employee's official capacity; or

(2) has made an admission of guilt of that conduct that is a matter of record but has not been prosecuted for that conduct.

(b) Businesses. No business shall be barred from contracting with any unit of State or local government, or subcontracting under such a contract, as a result of a conviction under this Section of any employee or agent of the business if the employee or agent is no longer employed by the business and:

(1) the business has been finally adjudicated not guilty; or

(2) the business demonstrates to the governmental entity with which it seeks to contract or which is a signatory to the contract to which the subcontract relates, and that entity finds that the commission of the offense was not authorized, requested, commanded, or performed by a director, officer, or high managerial agent on behalf of the business as provided in paragraph (2) of subsection (a) of Section 5-4 of the Criminal Code of 2012.

(c) Conduct on behalf of business. If the false certification is made by a

subcontractor, then the contractor's submitted bid and the executed contract may not be declared void, unless the contractor refuses to terminate the subcontract upon the State's request after a finding that the subcontract's certification was false. A contractor or subcontractor who makes a false statement, material to the certification, commits a Class 3 felony.

(b) Every bid submitted to and contract executed by the State and every subcontract subject to Section 20-120 of this Code shall contain a certification by the bidder, contractor, or subcontractor, respectively, that the bidder, contractor, or subcontractor is not barred from being awarded a contract or subcontract under this Section and acknowledges that the chief procurement officer shall declare the related contract void if any of the certifications completed pursuant to this subsection (b) are false. (c) If a business is not a natural person, the prohibition in subsection (a) applies only if:

(1) the business itself is convicted of a felony referenced in subsection (a); or

(2) the business is ordered to pay punitive damages based on the conduct of any officer, director, partner, or other managerial agent who has been convicted of a felony referenced in subsection (a).

(d) A natural person who is convicted of a felony referenced in subsection (a) remains subject to Section 50-10.

(e) No person or business shall bid or enter into a contract under this Code if the person or business assisted an employee of the State of Illinois, who, by the nature of his or her duties, has the authority to participate personally and substantially in the decision to award a State contract, by reviewing, drafting, directing, or preparing any invitation for bids, a request for proposal, or request for information or provided similar assistance except as part of a publicly issued opportunity to review drafts of all or part of these documents.

This subsection does not prohibit a person or business from submitting a bid or proposal or entering into a contract if the person or business: (i) initiates a communication with an employee to provide general information about products, services, or industry best practices and, if applicable, that communication is documented in accordance with Section 50-39 or (ii) responds to a communication initiated by an employee of the State for the purposes of providing information to evaluate new products, trends, services, or technologies.

No person or business who contracts with a State agency to write specifications for a particular procurement need shall submit a bid or proposal or receive a contract for that procurement need.

Sec. 50-12. Collection and remittance of Illinois Use Tax.

(a) No person shall enter into a contract with a State agency or enter into a subcontract under this Code unless the person and all affiliates of the person collect and remit Illinois Use Tax on all sales of tangible personal property into the State of Illinois in accordance with the provisions of the Illinois Use Tax Act regardless of whether the person or affiliate is a "retailer maintaining a place of business within this State" as defined in Section 2 of the Use Tax Act. For purposes of this Section, the term "affiliate" means any entity that (1) directly, indirectly, or constructively controls another entity, (2) is directly, indirectly, or constructively controlled by another entity, or (3) is subject to the control of a common entity. (b) A person or business otherwise barred from doing business with the State of Illinois or any State agency or subcontracting under this Code by subsection (a) may be allowed to do business with the State of Illinois or any State agency if it is shown that there is no practicable alternative to the State to contracting with that person or business.

Sec. 50-20. Exemptions. The appropriate chief procurement officer may file a request with the Executive Ethics Commission to exempt named individuals from the prohibitions of Section 50-13 when, in his or her judgment, the public interest in having the individual in the service of the State outweighs the public policy evidenced in that Section. The Executive Ethics Commission may grant an exemption after a public hearing at which any person may present testimony. The chief procurement officer shall publish notice of the date, time, and location of the hearing in the online electronic Bulletin at least 14 days prior to the hearing and provide notice to the individual subject to the waiver and the Procurement Policy Board. The Executive Ethics Commission shall also provide public notice of the date, time, and location of the hearing on its website. If the Commission grants an exemption, the exemption is effective only if it is filed with the Secretary of State and the Comptroller prior to the execution of any contract and includes a statement setting forth the name of the individual and all the pertinent facts that would make that Section applicable, setting forth the reason for the exemption, and declaring the individual

exempted from that Section. Notice of each exemption shall be published in the Illinois Procurement Bulletin. A contract for which a waiver has been issued but has not been filed in accordance with this Section is voidable by the State. The changes to this Section made by this amendatory Act of the 96th General Assembly shall apply to exemptions granted on or after its effective date.

Sec. 50-21. Bond issuances.

(a) A State agency shall not enter into a contract with respect to the issuance of bonds or other securities by the State or a State agency with any entity that uses an independent consultant.

As used in this subsection, "independent consultant" means a person used by the entity to obtain or retain securities business through direct or indirect communication by the person with a State official or employee on behalf of the entity when the communication is undertaken by the person in exchange for or with the understanding of receiving payment from the entity or another person. "Independent consultant" does not include (i) a finance professional employed by the entity or (ii) a person whose sole basis of compensation from the entity is the actual provision of legal, accounting, or engineering advice, services, or assistance in connection with the securities business that the entity seeks to obtain or retain.

(b) Prior to entering into a contract with a State agency with respect to the issuance of bonds or other securities by the State or a State agency, a contracting party subject to the Municipal Securities Rulemaking Board's Rule G-37, or a successor rule, shall include a certification that the contracting entity is and shall remain for the duration of the contract in compliance with the Rule's requirements for reporting political contributions. Subsequent failure to remain in compliance shall make the contract voidable by the State.

(c) If a federal agency finds that an entity has knowingly violated in Illinois the Municipal Securities Rulemaking Board's Rule G-37 (or any successor rule) with respect to the making of prohibited political contributions or payments, then the chief procurement officer shall impose a penalty that is at least twice the fine assessed against that entity by the federal agency. The chief procurement officer shall also bar that entity from participating in any State agency contract with respect to the issuance of bonds or other securities for a period of one year. The one-year period shall begin upon the expiration of any debarment period imposed by a federal agency. If no debarment is imposed by a federal agency, then the one-year period shall begin on the date the chief procurement officer is advised of the violation.

If a federal agency finds that an entity has knowingly violated in Illinois the Municipal Securities Rulemaking Board's Rule G-38 (or any successor rule) with respect to the prohibition on obtaining or retaining municipal securities business, then the chief procurement officer shall bar that entity from participating in any State agency contract with respect to the issuance of bonds or other securities for a period of one year. The one-year period shall begin upon the

expiration of any debarment period imposed by a federal agency. If no debarment is imposed by a federal agency, then the one-year period shall begin on the date the chief procurement officer is advised of the violation.

(d) Nothing in this Section shall be construed to apply retroactively, but shall apply prospectively on and after the effective date of this amendatory Act of the 96th General Assembly.

(30 ILCS 500/50-35)

Sec. 50-35. Financial disclosure and potential conflicts of interest.

(a) All offers from responsive bidders or offerors with an annual value of more than \$25,000 shall be accompanied by disclosure of the financial interests of the contractor, bidder, or proposer and each subcontractor to be used. In addition, all subcontracts identified as provided by Section 20-120 of this Code with an annual value of more than \$50,000 shall be accompanied by disclosure of the financial interests of each subcontractor. The financial disclosure of each successful bidder or offeror and its subcontractors shall be incorporated as a material term of the contract and shall become part of the publicly available contract or procurement file maintained by the appropriate chief procurement officer.

Each disclosure under this Section shall be signed and made under penalty of perjury by an authorized officer or employee on behalf of the bidder or offeror, and must be filed with the Procurement Policy Board.

(b) Disclosure shall include any ownership or distributive income share that is in excess of 5%, or an amount greater than 60% of the annual salary of the Governor, of the disclosing entity or its parent entity, whichever is less, unless the contractor, bidder, or subcontractor (i) is a publicly traded entity subject to Federal 10K reporting, in which case it may submit its 10K disclosure in place of the prescribed disclosure, or (ii) is a privately held entity that is exempt from Federal 10k reporting but has more than 200 shareholders, in which case it may submit the information that Federal 10k reporting companies are required to report under 17 CFR 229.401 and list the names of any person or entity holding any ownership share that is in excess of 5% in place of the prescribed disclosure. The form of disclosure shall be prescribed by the applicable chief procurement officer and must include at least the names, addresses, and dollar or proportionate share of ownership of each person identified in this Section, their instrument of ownership or beneficial relationship, and notice of any potential conflict of interest resulting from the current ownership or beneficial relationship of each person identified in this Section having in addition any of the following relationships:

(1) State employment, currently or in the previous 3 years, including contractual employment of services.

(2) State employment of spouse, father, mother, son, or daughter, including contractual employment for services in the previous 2 years.

(3) Elective status; the holding of elective office of the State of Illinois, the government of the United States, any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois currently or in the previous 3 years.

(4) Relationship to anyone holding elective office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(5) Appointive office; the holding of any appointive government office of the State of Illinois, the United States of America, or any unit of local government authorized by the Constitution of the State of Illinois or the statutes of the State of Illinois, which office entitles the holder to compensation in excess of expenses incurred in the discharge of that office currently or in the previous 3 years.

(6) Relationship to anyone holding appointive office currently or in the previous 2 years; spouse, father, mother, son, or daughter.

(7) Employment, currently or in the previous 3 years, as or by any registered lobbyist of the State government.

(8) Relationship to anyone who is or was a registered lobbyist in the previous 2 years; spouse, father, mother, son, or daughter.

(9) Compensated employment, currently or in the previous 3 years, by any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the

Secretary of State or the Federal Board of Elections.

(10) Relationship to anyone; spouse, father, mother, son, or daughter; who is or was a compensated employee in the last 2 years of any registered election or re-election committee registered with the Secretary of State or any county clerk in the State of Illinois, or any political action committee registered with either the Secretary of State or the Federal Board of Elections.

(b-1) The disclosure required under this Section must also include the name and address of each lobbyist required to register under the Lobbyist Registration Act and other agent of the bidder or offeror who is not identified under subsections (a) and (b) and who has communicated, is communicating, or may communicate with any State officer or employee concerning the bid or offer. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(b-2) The disclosure required under this Section must also include, for each of the persons identified in subsection (b) or (b-1), each of the following that occurred within the previous 10 years: debarment from contracting with any governmental entity; professional licensure discipline; bankruptcies; adverse civil judgments and administrative findings; and criminal felony convictions. The disclosure under this subsection is a continuing obligation and must be promptly supplemented for accuracy throughout the process and throughout the term of the contract if the bid or offer is successful.

(c) The disclosure in subsection (b) is not intended to prohibit or prevent any contract. The disclosure is meant to fully and publicly disclose any potential conflict to the chief procurement officers, State purchasing officers, their designees, and executive officers so they may adequately discharge their duty to protect the State.

(d) When a potential for a conflict of interest is identified, discovered, or reasonably suspected, the chief procurement officer or State procurement officer shall send the contract to the Procurement Policy Board. In accordance with the objectives of subsection (c), if the Procurement Policy Board finds evidence of a potential conflict of interest not originally disclosed by the contractor or subcontractor, the Board shall provide written notice to the contractor or subcontractor that is identified, discovered, or reasonably suspected of having a potential conflict of interest. The contractor or subcontractor shall have 15 days to respond in writing to the Board, and a hearing before the Board will be granted upon the contractor's or subcontractor's request, at a date and time to be determined by the Board, but which in no event shall occur later than 15 days after the date of the request. Upon consideration, the Board shall recommend, in writing, whether to allow or void the contract, bid, offer, or subcontract weighing the best interest of the State of Illinois. All recommendations shall be submitted to the Executive Ethics Commission. The Executive Ethics Commission must hold a public hearing within 30 days after receiving the Board's recommendation if the Procurement Policy Board makes a recommendation to (i) void a contract or (ii) void a bid or offer and the chief procurement officer selected or intends to award the contract to the bidder or offeror. A

chief procurement officer is prohibited from awarding a contract before a hearing if the Board recommendation does not support a bid or offer. The recommendation and proceedings of any hearing, if applicable, shall be available to the public.

(e) These thresholds and disclosure do not relieve the chief procurement officer, the State purchasing officer, or their designees from reasonable care and diligence for any contract, bid, offer, or proposal. The chief procurement officer, the State purchasing officer, or their designees shall be responsible for using any reasonably known and publicly available information to discover any undisclosed potential conflict of interest and act to protect the best interest of the State of Illinois.

(f) Inadvertent or accidental failure to fully disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and, at his or her discretion, may be cause for barring from future contracts, bids, proposals, subcontracts, or relationships with the State for a period of up to 2 years.

(g) Intentional, willful, or material failure to disclose shall render the contract, bid, proposal, subcontract, or relationship voidable by the chief procurement officer if he or she deems it in the best interest of the State of Illinois and shall result in debarment from future contracts, bids, proposals, subcontracts, or relationships for a period of not less than 2 years and not more than 10 years. Reinstatement after 2 years and before 10 years must be reviewed and commented on in writing by the Governor of the State of Illinois, or by an executive ethics board or commission he or she might designate. The comment shall be returned to the responsible chief procurement officer who must rule in writing whether and when to reinstate.

(h) In addition, all disclosures shall note any other current or pending contracts, proposals, subcontracts, leases, or other ongoing procurement relationships the bidding, proposing, offering, or subcontracting entity has with any other unit of State government and shall clearly identify the unit and the contract, proposal, lease, or other relationship.

(i) The contractor or bidder has a continuing obligation to supplement the disclosure required by this Section throughout the bidding process or during the term of any contract.
